 - (ii) obtain from the audit firm annually, information about policies and processes for maintaining independence and monitoring compliance with relevant requirements, including those for rotation of audit partners and staff; and
 - (iii) meet with the auditor, at least annually, in the absence of management, to discuss matters relating to its audit fees, any issues arising from the audit and any other matters the auditor may wish to raise.
- 2 The audit committee may wish to consider agreeing with the board the issuer's policies on hiring employees or former employees of the external auditors and monitoring the application of these policies. The audit committee should then be in a position to consider whether there has been or appears to be any impairment of the auditor's judgement or independence for the audit.
- 3 The audit committee should ensure that an external auditor's provision of non-audit services does not impair its independence or objectivity. When assessing the external auditor's independence or objectivity in relation to non-audit services, the audit committee may wish to consider:
 - (i) whether the skills and experience of the audit firm make it a suitable supplier of non-audit services;
 - (ii) whether there are safeguards in place to ensure that there is no threat to the objectivity and independence of the audit because the external auditor provides non-audit services;
 - (iii) the nature of the non-audit services, the related fee levels and fee levels individually and in total relative to the audit firm; and
 - (iv) criteria for compensation of the individuals performing the audit.
